AUTO FIRM CHANGES

H. H. DAWSON SELLS INTEREST IN DODGE SERVICE STATION. GOES TO MEXICO

H. H. Dawson, 445 West Oak St., who has been a partner with A. E. Ireland in the Dodge Service station, 111 West Harvard street, has sold his interest in the business to Mr. Sturtevant of Los Angeles. The deal was made Saturday night and will be effective this week.

Mr. Dawson, who was formerly engaged in the copper mining industry at Calumet, Mich., will go to Chihuahua, Mexico, where he will enter the employ of J. T. McClammy, Cameron Place, Glendale, who is an operator of silver and lead properties in that vicinity.

Mr. McClammy, in a recent letter to relatives here, puts at rest rumors that Villa is again on the warpath, stating that he has recently been visited by the former rebel leader and Villa assures foreigners protection. The notorious rebel at one time was in the employ of Mr. McClammy and has always been friendly with his former employer.

Martha Jane, the three-year-old daughter of Mr. Dawson, will remain with her grandparents, Mr. and Mrs. Miles Dawson.

Build With Adobe Blocks

Adobe blocks, which are coming into use more and more as building material in Glendale as well as other cities, are now being made by a new process, in molds similar to those used in making artificial stone or concrete blocks. The new process is much more expeditious and it also makes a much smoother block. Adobe is about the cheapest building material for house walls that there is. It is a strong, durable construction and when the exterior is plastered it makes a fine appearance. Dr. R. E. Chase's house on North Orange street, near California avenue, of this construction, is now nearing completion and another large residence like it is to be started soon.

Wrist Dislocated

Mrs. E. Edith Soper of 433 South Central avenue suffered a dislocated wrist in her recent encounter with a bulldog at the corner of Lomita avenue and Everett street. She says three dogs attacked her black water spaniel. She beat off and scared away two of them, but the third, a large bulldog, would not loose his hold on the water spaniel so Mrs. Soper first grasped his collar and tried to pull him loose from her dog, but only with the result of lifting both from the ground, so tenacious was the bulldog's grip. Then in desperation she thrust the stick under its collar and twisted it till she choked the beast to death. Mrs. Soper, though nearly 64 years of age and small of stature, has much of the vigor of middle age and is a devoted mother to her grandchildren, whose dog it was she battled so desperately to save. The animal is recovering. Mrs. Soper's wrist, though quite painful, is mending very satisfactorily.

To Live in Glendale

J. B. Wilkins and wife of Buffalo, N. Y., have purchased the Hubbard home at 1215 Dorothy Drive and took possession Wednesday. The Wilkins' have been in Southern California for a little over a month, stopping at first in Los Angeles from where they investigated several suburbs before deciding on Glendale as their future home.

MISS WAITE HOME

ATTENDS EDUCATIONAL MEETING, TOURS YELLOWSTONE AND VISITS SISTER

Miss Ida M. Waite has returned from her vacation trip and is ready to take up her duties as principal of the Colorado Street School again next week. Miss Waite had a delightful vacation, making a tour of the Yellowstone after attending the National Educational Association convention at Salt Lake City in company with Miss Midcalf, who was the delegate of the Glendale Teachers' Club. Miss Waite also spent six weeks with her sister and family at Cashmere, Washington, the home of the big red apples. She spent two days in San Francisco with Miss Florence R. Keene, a former reporter for the Glendale Evening News.

IVANHOE ROAD

MRS. WARREN SUGGESTS THIS NAME FOR BRAND BLVD. EXTENSION INTO L. A.

Editor Evening News:

Of all the utter nonsense to even think of changing the name of our beautiful, long, dignified street now known in all parts of California, likewise the United States—as Brand boulevard, this is the supremest.

If anything must be changed let it be that short length of street between Allesandro street and the Lake Shore tracks now known as Glendale avenue which may have been originally designed to point the way to Glendale, but seems to have small relation to Glendale avenue proper. This route has been for years the shortest between Glendale and Los Angeles, but the road while picturesque, has been allowed to deteriorate until it is little besides a succession of bumps and irregularities.

Brand boulevard is easy to speak, to write, to set type for—and is to us—infinitely more desirable than anything else and this is not taking into account the loss of dignity which any city suffers by having the names of its principal streets or avenues changed and the confusion resulting therefrom.

Let the new thoroughfare be known as Ivanhoe Road from the Lake Shore to San Fernando Road; the streets of Glendale as now named will retain their identity, the new road will have a pretty name all its own and the city of Glendale will not be overlooked by visitors who really mean to arrive.

Yours for Glendale,

MARIAN E. WARREN,
640 N. Maryland Ave.

Birthday Party

Mrs. J. R. Lockwood gave a party last Thursday afternoon in honor of her little son Bruce's fourth birthday. Games were played by the little folk and then bountiful refreshments were served, the principal item of which was a huge birthday cake. The color scheme for both decorations and refreshments was pink. The guests present were Gertrude and Katherine Kressman, Beatrice Topliff, Neoline Heinmiller, Ralph Lockwood, Marjorie and Minor Blythe.

Ingrams Entertain

Mr. and Mrs. W. S. Ingram of 336 West Broadway, who have been residents of our city for about two months, entertained Mr. and Mrs. O. M. Cannon of Santa Maria yesterday. Messrs. Ingram and Cannon were partners in publishing the San Bernardino News for ten years prior to the time they sold their plant to the Index of that city. Mr. Cannon is at present owner and publisher of the Santa Maria Times. Mr. Ingram is well pleased with Glendale, the city in which he has decided to make his home.

UNION HIGH

SCHOOL OPENS TODAY WITH A RECORD-BREAKING ATTENDANCE

The opening of the Glendale Union High School occurred today with a decided increase in attendance over that of last year.

Business Manager Oliver said today in reply to inquiries from a representative of the News, that it would likely be late today before any accurate record of the attendance could be given. It may reach the number of 900. The program is being made out today.

There are forty teachers. A vacancy on account of death of one of the teachers is reported.

The city public schools will not open until Sept. 13th.

Noted Novelist in City

Mark Lee Luther was a visitor in Glendale Sunday, being entertained by Mr. and Mrs. E. A. McCauley, E. Maple street. Mr. Luther's wife and her mother, Mrs. Richmond, are accompanying him on his first visit to California and are planning to spend a number of months in the state.

Mr. Luther epects to gather material for a western story while here. Some of his best known works are: "The Crucible," "The Hope Chest," "The Woman of It" and "Presenting Jane McRae," and also a number of political works.

PRIMARY ELECTIONS IN EAST

ELECTIONS BEING WATCHED AS INDICATIONS OF THE PRESIDENTIAL CAMPAIGN RESULTS

(Special Service to Glendale Evening News)

NEW YORK, Sept. 7.—Returns from today's primaries were being carefully watched by both Republican and Democratic headquarters today as the best indication of presidential campaign results. Chief interest was centered in the Wisconsin and New Hampshire primaries, where Senators Lenroot and Moses are both seeking renomination. Senator LaFollette is sponsoring the candidacy of Jas. Thompson against Lenroot. In New Hampshire, Huntley Spaulding is running for renomination in Nevada. Five Republicans are contesting.

A hot fight in Illinois, where two slates, one supported by Governor Lowden, the other by Mayor Thompson of Chicago, are contesting.

GENERAL STRIKE IN ITALY

SEIZURE OF 150 FACTORIES BY METAL WORKERS REPORTED—EMPLOYERS URGED TO GRANT INCREASE

(Special Service to Glendale Evening News)

ROME, Italy, Sept. 7.—In face of prospects for a general strike, following the seizure of 150 factories throughout Italy by metal workers, government officials were optimistic today. Executives of the Socialist paraty have appealed to all workers to declare their solidity with the metal workers.

Treasury Minister Meda has proposed that manufacturers grant the increased wage demands of employees through the establishment of cooperative buying stores. This proposal will be considered by Milan workers today.

HARDING EN ROUTE TO NORTHWEST

WILL SPEAK AT MINNESOTA STATE FAIR TOMORROW; TO VISIT GENERAL WOOD AT FT. SHERIDAN

(Special Service to Glendale Evening News)

ABOARD THE HARDING SPECIAL TRAIN, Sept. 7.—Senator Harding deserted his front porch, for the first time since his nomination, today, and is enroute to carry the Presidential fight into the northwest, where he will address the Minnesota State Fair tomorrow. Harding will not stop in Chicago today, although he will visit General Wood at Fort Sheridan.

AWAIT WORD FROM LONDON

MAC SWINEY SUPPORTERS EXPECT LLOYD GEORGE TO MAKE TERMS FOR MAYOR'S RELEASE

(Special Service to Glendale Evening News)

LONDON, Sept. 7.—With Lord Mayor MacSwiney in a semi-comatose condition today, Irish sympathizers waited the official confirmation of reports that Premier Lloyd George has proposed terms for the release of MasSwiney.

MacSwiney was reported "very low today."

Premier Lloyd George, homeward bound from his vacation at Lucerne, was reported to have agreed to release MacSwiney if given guarantee that the Irish would cease murdering policemen.

London newspaper opinion was divided today as to the action which should be taken, some declaring that MacSwiney's death will not further complicate the Irish cituation.

YOUNG WOMEN ESCAPE FROM L. A. JAIL

(Special Service to Glendale Evening News)

LOS ANGELES, Sept. 7.—Two young women prisoners made their escape from the city jail here early today by climbing through a small window at the top of their cell. They were Doris McCaully, twenty, and Virginia Brooks, twenty-two. Both were facing vagrancy charges.

AMERICAN ESCAPES FROM ZAMORA

(Special Service to Glendale Evening News)

MEXICO CITY, Sept. 7.—W. A. Gardner, American, escaped from the bandit Zamora, following a fight between the government troops, the Foreign Office announced today. Zamora fled with only twenty followers.

PROTEST CARRANZA PROGRAM

(Special Service to Glendale Evening News)

WASHINGTON, Sept. 7.—The United States has sent a note to Mexico, vigorously protesting against continuance of the Carranza program against American oil property, it was learned today.

BASEBALL GAMBLING

CHICAGO, Sept. 7.—Chief Justice McDonald of the Criminal Court, today ordered State's Attorneys to investigate alleged baseball gambling.

CHAPMAN RETURNS

FINDS PROSPERITY IN EAST, HOUSE SHORTAGE AND LACK OF BUILDING

A. H. Chapman of 135 S. Louise street, formerly in the real estate business in St. Louis, is glad to be in Glendale again after a two months' business trip to the East. He found business very brisk every place. In St. Louis some of the factories were running day and night and every one seemed to be very prosperous. There is an acute house shortage and a lack of building, especially small homes for the industrial workers; most of the homes being erected by people who build regardless of the cost, which is higher than it is here. Rents are advancing and there is a great demand for flats and small houses, many "ads" appearing in the papers offering $25 and over for information of where a flat or house can be rented.

Mrs. Chapman's mother accompanied him from St. Louis and intends spending the winter with them. During Mr. Chapman's absence his wife and daughter Nyla have spent most of their time with friends at Ocean Park.

Motorcyclists Hurt

Too much of the cup that cheers seems to have been responsible for an accident Monday on the San Fernando Road near the municipal pumping plant. A motorcycle driven by P. Scatena of 895 Summit avenue, Los Angeles, and drawing a side car occupied by his friend, Chas. Abanducic, of Los Angeles, was upset and the occupants pretty badly used up, particularly Abanducic, who was rendered unconscious and was found in that condition when a passerby named F. D. Jackson examined the injured men's wounds and reported the case to the police department. Abanducic was conveyed to the Glendale Sanitarium where his wounds were cared for consisting of bad cuts about the head, face and left hand. Scatena was but slightly injured.

Westwood-Vaughan

Irving R. Westwood of Glendale and Miss Esther K. Vaughan were united in marriage Saturday afternoon, September 4th, at the home of the bride in Los Angeles. After a short honeymoon they will make their home in Highland Park. The bride is a daughter of Mr. and Mrs. Jas. H. Vaughan and is a graduate of Lincoln High, L. A. The groom is a son of Robert J. Westwood and wife, 515 North Maryland avenue. He is a graduate of Glendale High and is an employe of the Don Lee Co., Los Angeles.

ENTIRE FAMILY HURT

TRUCK CRASHES INTO TOURING CAR OF W. S. PATTERSON CONTAINING SIX PERSONS

Driving on the wrong side of the road was the cause of an accident to an entire family Sunday evening some two blocks north of the pumping station on the San Fernando Road. It appears according to the report of Capt. McGuire of the police department who went to the scene of the accident about 8:20 o'clock Sunday evening that a big truck being driven on the wrong side of the road by Pete Calagna of No. 2319 Enterprise street, Los Angeles, crashed into a touring car driven by W. S. Patterson and occupied by his family consisting of wife, three sons and one daughter of 125 Seventh street, San Fernando. The truck was going south while the car operated by Mr. Patterson was going north on the right side of the road. The touring car was upset and all the occupants thrown more or less violently to the roadside. While the truck driver endeavored to make it appear that the touring car was on the wrong side of the road, the police found the tracks showed the truck was driven to the wrong side.

Mr. Patterson and his entire family were conveyed to the Glendale Sanitarium where their wounds were dressed.

Inquiry at the Sanitarium brought the information that fortunately for the Patterson family their wounds were all surface ones about the faces, no bones being broken. They were discharged from the hospital the next morning. Mr. Patterson said he did not wish to prosecute the truck driver as he would pay all damages.

LEE-SISSON

WILBUR, ELDEST SON OF MR. AND MRS. ED M. LEE, WEDS MISS SISSON

At 12 o'clock, noon, on Saturday, September 4th, Wilbur E. Lee and Kathryn Sisson were united in marriage at the home of Miss Sisson's sister, Mrs. Gertrude Ballard, 501 East Wilson avenue. Huge baskets of hydrangia and bouquets of pink carnations with palms and ferns made a beautiful setting for the ceremony, which was performed by Dr. Clyde Monroe Crist, pastor of the First Methodist church. The bride looked charming in a traveling suit of dark blue with hat to match and wore an exquisite corsage bouquet of Cecil Brunner roses. Only relatives and a few immediate friends of the bride and groom were included in the guest list.

The bride is a daughter of Dr. W. B. Sisson, a prominent physician of Hannibal, Missouri, who has recently returned from Red Cross work in Siberia. The groom is a son of Mr. and Mrs. Ed. M. Lee of this city and is at present engaged in the printing business in Los Angeles. After a short honeymoon trip these young people will return to reside in Glendale.

Building Continues

Between 8 and 10:30 this morning eight building permits were issued for a total of $30,550 bringing the total for the month up to $114,775. All this was done in 3½ working days plus 2½ hours. The buildings represented by these permits, all residences, are as follows: C. F. Wilson, 5 rooms and garage at 226 North Adams, $3,000; C. G. Martin, 6 rooms at 353 West California Ave., $5,000; J. A. Nagel, 5 rooms and garage at 357 West California avenue, $4,000; H. J. Eggers, 5 rooms and garage at 332 West California Ave., the same at 328 and 324, the same street, each to cost $4750; Kate M. Brown, 5 rooms at 523 North Maryland Ave., $4,000; Floyd B. Blades, 3 rooms in Selvas de Verdugo.

A Birthday Party

A number of the neighborhood friends of Mrs. Johanna Edwards gave her an old-fashioned birthday surprise party Saturday evening at the home of Mr. and Mrs. F. M. Shular, 380 West California Ave. Refreshments were served during the evening, most of which was given over to trying out the fine Columbia Grafanola, a birthday gift to Mrs. Edwards from her son, Clarence.

More Forged Checks

The police department continues to hear reports of the smooth forgery operations charged against the two women named "Mrs. Brentinger" and "Miss Myers," whose hearing comes up in court Wednesday. Two checks were passed at Sawtelle, amounting to $30 each. The women are out on bond.

Do You Know Them?

It might be of use to you some time to know who the present State Railroad Commissioners are. Here they are: F. O. Edgerton, president; H. D. Loveland, Frank R. Devlin, Harley W. Brundige and Irving Martin.

AMERICAN LEGION

NEW MEMBERS INITIATED, DELEGATES REPORT, NEW HOME PLANNED

At the American Legion meeting Friday evening, the officers surprised the members by going through correctly the initiatory work of the order as outlined in the ritual. This was their first attempt and it was a very creditable performance. Five candidates were initiated.

Delegates to the state convention in San Diego the previous week gave word pictures of the scenes at this great gathering and told of the many things accomplished.

One subject that provoked much animated discussion was a proposal that the Legion proceed to acquire a suitable lot and put up a building of its own, with business room or rooms below and Legion Hall above. All were in favor of it and steps will be taken to work it out.

A big vaudeville show was planned for the near future with some surprising features that will be pleasing to all.

The attendance was between 75 and 100.

RETURN TO FARM

C. L. CAUSING MANY TO GO BACK TO THE SOIL TO MAKE LIVING

ere is a growing belief that rents and the general high cost ving in the cities may not be an xed evil after all. They may the effect of causing many per- to return to the farms and dis- aging many others who plan to to town. And if there is any hing that will help to bring con- ns near to normal it is a return e land.

ny farmers are inclined to mag- the opportunities of living in ities through comparison of the wages paid in industry with re- from work on the farm. They to take into account the high and the fact that they become mers instead of producers.

course the costs of operating a have greatly increased in re- years; but while these costs are er, the cost of living in urban unities has also increased, as armer who moves to town will discover.

ch of the increase in popula- of our cities, as announced by ensus bureau, may be credited e influx of persons from the ru- istricts, attracted by the lure of yment at good wages. Those look longingly to the city for from agricultural work should il to take into account the cer- that rents and the other of living will offset to a large any advantages they may have l by quitting the farm.

ampion Handshaker

By RAYMOND CLAPPER
ed Press Staff Correspondent)

RION, Ohio, Sept. 2.—The porch handshaking record bly will be held by Mrs. War- Harding instead of her candi- husband, if she keeps up her t pace throughout the presi- l campaign.

an understudy to the nominee, Harding is rapidly outdoing him it comes to greeting the scores itors and sending them away he thrill that comes once in a me.

le Harding is cooped up in his office here wresting with pon- issues or studying his politi- ss board, out in the front yard . Harding in cool white linen mple dark dress taking care of itors.

ens drive up in automobiles, s on long overland trips. They p to the curb cautiously won- whether the lone policemen ard will permit them to stop. ually has his back turned talk- some local old timer and the s, bundled in veils and dust- er timidly out over the luggage debating whether they dare try to see Senator Harding.

Mrs. Harding, who probably has been pulling weeds out of a flower box on the porch, looks up and sees them. She hurries out to the curb, leans over the side of the car and tells them she would like to have them meet the senator and would they be good enough to wait until she runs in "to see if Warren can come out." She comes back and is so sorry that Mr. Harding can't get away right now but he would like very much to see them and would they come back about noon. The tourists tell her where they are going and in two minutes she knows all about them and who is looking after the chickens while they are gone.

She would like to have them come up on the porch and talk a while but she sees some other people pulling up and she must see what they want, and she is so glad they came by and won't they come back again and meet Mr. Harding?

And after ten hours of it when the Senator is tired out and thinking about going to bed Mrs. Harding is probably standing out under the street light in front of the house talking Indiana politics with the night watchman.

SHORT ON POWER

RESTRICTIVE MEASURES NECESSARY IN NORTH PART OF STATE TO CONSERVE

Users of power and light in Southern California cities are quite fortunate in not having thus far felt a restrictive order placed on them by state authorities, as the following announcement sent out by Power Administrator H. G. Butler plainly indicates:

"Those who violate the order directing that no power shall be used for sign or display lighting during the present shortage will very likely find themselves entirely without light or power," said Power Administrator H. G. Butler in commenting on the fact that there were still some persons who failed to appreciate the seriousness of the situation caused by the power shortage. "The situation is critical," he said.

"Power is needed to keep men at work and the wheels turning," continued Butler. "The mayors of all the cities in northern and central California have been requested to have their police departments see that the power conservation order is carried out. The order is now being enforced by the police of Berkeley and San Rafael and in nearly all the cities in the Sacramento Valley. Every city in the territory affected took similar action two years ago. In some instances in 1918 when similar restrictions were in effect we found sign and display lighting needed for public safety. The policeman on the beat is the best judge."

CENSUS IN ONE DAY PLANNED

Because of criticism of the federal census in various parts of the country this year alleging that the figures cannot be regarded as more than approximate at best, the census committee of the house of representatives, of which Congressman Isaac Stegel is chairman, has under consideration a reorganization of census methods for the future.

The committee will probably hold hearings this fall on the methods employed in taking this year's census, to ascertain whether it was reliable in general in spite of errors in detail.

"One of the plans suggested," Congressman Siegel said, "is that of setting aside a day for the taking of the census and arousing all possible public interest in it, patterning it after registration day in the draft. Registration places could be located on every block, where the residents would be required to report for the census. Follow-up methods could be used afterward. This would do away with the feature of paying so much per name to the census takers, a system which naturally lends itself to abuses."

Ex-Senator Samuel A. Foley, supervisor of the census in Manhattan, who defended the Manhattan enumerations as being accurate on the whole, asserted that some of the census takers had written up fake lists in the back rooms of barrooms and that others, who were paid by the name, would enumerate all those who could be registered quickly and then overlook the rest because the "mopping-up" process required much time and effort and did not yield sufficient names to make it worth while on the system of paying so much a head.

TEACHING YOUTH

It may be conceded that there is room for great differences of opinion touching the most effective teaching methods. Very few persons will attempt to deny that the school teacher of the present day will help to form the government of 75 years from now through the intelligence and efficiency of the plan of instructing youth that is adopted and carried out. Believing that, we wonder what sort of citizenship and government this country would have 75 years hence were some of the conclusions of Dr. David Snedden of the Teachers' College, Columbia University, adopted.

Dr. Snedden asserts that "the time is coming when compulsory oral reading, oral spelling and oral arithmetic will be a thing of the past for the pupil who is beyond the third grade; after that these subjects will be elective." This followed a statement that "the student of the future will have to be able to spell only 2100 words, all that are necessary to complete a vocabulary in the present day."

Twenty-five hundred may be enough, but no matter what the number decided upon as the minimum requirement, the student should "know" them. If he can get them before entering the fourth grade, well and good. So with the other studies mentioned. What we see of the boys and girls coming out of the public schools, out of high schools and colleges even, does not impress confidence that by present methods they get more training than is necessary for them.

Further, we have been of the opinion that teaching was something more than helping children to know what they might inquire about. The old-fashioned idea, which ought to die very hard, is that teaching is instruction in those things which experience has proved that pupils should know about for their own and society's welfare. Could we have educated people if the school children's studies were made elective? Or discipline, submission to authority, which are not unimportant to the training of youth for the duties and obligations of citizenship? Too much freedom might be regretted by the country. The public schools must teach their charges how to use freedom. It cannot be done on a go-as-you-please scheme.

IF YOU CAN AFFORD IT

it's dandy fine to ramble around in your automobile; to sniff the fumes of the gas and rub off the rubber on the highways, even if the experts say it costs about 8c a mile for Henry and 11 to 14c a mile for the other kinds. BUT CAN YOU AFFORD IT?

You CAN Afford

to take interesting little journeys to places of pleasure as well as trips for your business needs at about a cent a mile for daily travel and less than 3 cents for your occasional trip over lines of this railway.

and that's not all:

We carry the risk and the worry, that you assume when you use your machine.

GAS FRANCHISE

NOTICE OF SALE OF FRANCHISE TO LAY GAS PIPES

To Whom It May Concern:

Notice is hereby given that an application has been made to the Board of Trustees of the City of Glendale for a franchise, granting the right for a period of forty (40) years, to lay, construct, maintain and operate a single line of pipe for the purpose of carrying therein oil, natural gas, or artificial gas, under and along a certain portion of that public street known as San Fernando Road in the City of Glendale, and that it is proposed by the said Board of Trustees to offer for sale and grant to the highest bidder said franchise upon the terms and conditions herein mentioned and said franchise is described as follows, to-wit:

A franchise, granting the right for a period of forty (40) years, to lay, construct, maintain and operate a single line of pipe for the purpose of carrying therein oil, natural gas, or artificial gas under and along that portion of that certain public street known as San Fernando Road in the City of Glendale described as follows:

Beginning at a point on the northern boundary line of the City of Glendale, said point being within the lines of that certain street in said City known as San Fernando Road; thence following the course of said San Fernando Road to the point of intersection of the northern property line of that certain street in the City of Glendale known as Doran Street.

That the terms and conditions upon which said franchise will be offered for sale and granted are as follows, and the grantee of said franchise or assigns shall be required to file a written acceptance of the terms and conditions thereof with the clerk of the City of Glendale, within thirty days after the passage of the ordinance granting the same.

That the grantee of said franchise, his, its or their successors or assigns, shall have the right to construct and maintain such traps and manholes as may be necessary to afford proper access to the said pipes and pipe lines for cleaning and maintaining the same, and said traps and manholes shall at all times be kept flush with the surface of the highway and so located as to conform to any order of the Board of Trustees of said City in regard thereto, and not to interfere with the use of the highway for travel, water mains or permanent culverts along said street. The grantee of said franchise, his, its or their successors or assigns, shall have the right, subject to such regulations as are now or hereafter may be in force, to make all necessary excavations in said highway for the construction and repair of said pipe lines, traps and manholes.

That the pipes to be laid and maintained under said franchise shall be of steel, of good workmanship and of an internal diameter of not less than twelve (12) inches nor more than sixteen (16) inches.

That the grantee of said franchise, his, its or their successors or assigns shall furnish and sell to the City of Glendale, or to any person or company operating a distributing system and maintaining the same in the City of Glendale, now or hereafter, gas for domestic and manufacturing purposes, and that the gas so furnished shall be furnished and sold at wholesale rates to said City of Glendale, or other person or company, above referred to, and that the gas so furnished shall be of good quality, free of injurious ingredients and of sufficient purity to be suitable for domestic use or manufacturing use, and that the grantee of said franchise, his, its or their successors or assigns, shall, upon request made by the City of Glendale, or by any person operating a distributing system now or hereafter in said City of Glendale, and upon payment of his, its or their reasonable charges for making the connection and for furnishing gas, furnish to such person, company or the said City of Glendale an adequate supply of said gas for domestic or manufacturing use, or for both such purposes.

That in event the said grantee, his, its or their successors or assigns shall in fact convey oil through said system of pipe lines said City of Glendale and all persons residing therein shall be entitled to receive from said grantee of this franchise an adequate supply of oil for domestic and manufacturing purposes, that the oil so to be furnished by said franchise, his, its or their successors or assigns shall be of the same purity and grade as the oil furnished by said grantee, his, its or their successors or assigns to other customers along said pipe line system and at the termini thereof, and that the grantee of said franchise, his, its or their successors or assigns, shall, upon request from and by said City of Glendale, or by any person or company operating a distributing system now or hereafter in said City of Glendale for the distribution of oil and upon payment of his, its or their reasonable charges for making the connection and for furnishing such oil, furnish to such person or company or the said City of Glendale an adequate supply of said oil for domestic or manufacturing use or for both such purposes.

That all pipes shall be laid not less than two feet under ground, and, unless the Board of Trustees of said City shall otherwise direct, shall be laid along the sides of the highways and shall be within five feet from the curb lines in said street, and shall not be nearer than three feet to the macadamized portion of said road; and in the event that it is necessary to cross any portion of macadamized road, cement gutter or culvert, the same shall be done in such manner as not to disturb the foundation thereof, and in event the same cannot thus be done, the said crossing shall be made under a special permit to be granted by the Board of Trustees of said City upon application therefor, said application to be accompanied with a drawing, specifications and explanations, showing the necessity for the same. That during the laying or repairing of any such pipes, any trench or excavation made for such purpose shall, from sunset to sunrise, be barricaded and protected by lanterns placed at distances of not more than one hundred feet apart, along such trench or excavation, one of which shall be placed in the center of any cross street fronting on said San Fernando Road, at the point where said work is in progress.

That every pipe line constructed, maintained or repaired under the provisions of this franchise shall be constructed, maintained and repaired in accordance and conformity with all of the ordinances, rules and regulations now in force and that may hereafter be adopted and prescribed by the Board of Trustees of said City of Glendale.

That the work of laying or repairing such pipes or other appliances shall be conducted with the least possible hindrance to the use of said highways for the purposes of travel, and as soon as the laying or repairing of any pipe or appliance is completed, all portions of the highways which have been excavated or otherwise injured thereby shall be placed in as good condition as the same were before the laying of such pipes, to the satisfaction of the Board of Trustees of said City of Glendale. That any damage or injury suffered by any person, by reason of any excavation being improperly guarded during said work, or by any cause whatever in connection with construction, laying or repair of said pipe lines, or pipe, shall be borne by the grantee of said franchise, his, its or their successors or assigns.

That the City of Glendale reserves the right to change the grade of said street or any portion thereof over which this franchise shall be granted, and the grantee of said franchise, his, its or their successors or assigns shall at once change the location of all pipes and other appliances laid under said franchise so as to conform to such change of grade. That if any portion of said highway shall be damaged by reason of leaks in any pipe laid under said franchise, or by any other cause, the grantee of such franchise, his, its or their successors or assigns, shall, at his, its or their own expense repair any such damage and put said highway in as good condition as before such leak, or other damage, to the satisfaction of the Board of Trustees of said City.

That if the grantee of said franchise, his, its or their successors or assigns, shall fail to comply with any of the instructions of said Board of Trustees with respect to the location of any portion of said system of pipes and pipe lines, or the repair of any damage to highways, within ten days after the service of written notice upon said grantee, his, its or their successors or assigns, requiring compliance therewith, then said Board of Trustees may immediately do whatever work is necessary to carry out said instructions, at the cost and expense of said grantee, his, its or their successors or assigns, which costs, by the acceptance of said franchise, said grantee, his, its or their successors or assigns agree to pay upon demand.

That the work of constructing and laying said system of pipes and pipe lines, shall be commenced in good faith within not more than four months from the granting of said franchise.

That the said grantee of said franchise, his, its or their successors or assigns shall, during the life of said franchise, pay to the City of Glendale, in lawful money of the United States, two per cent of the gross annual receipts of such grantee and his or its successors or assigns arising from the use, operation or possession of said franchise. No percentage shall be paid for the first five years succeeding the date of said franchise, but thereafter such percentage shall be payable annually.

And it shall be the duty of the grantee of said franchise and of his or its successors or assigns, to file with the Clerk of said City of Glendale at the expiration of six years from the date of granting said franchise, and at the expiration of each and every year thereafter, a statement, verified by the oath of the manager or presiding officer of said grantee or his or its successors or assigns, showing in detail the total gross receipts and gross earnings collected or received by said grantee or his or its successors or assigns during the preceding twelve months, arising from the use, operation or possession of said franchise, and within ten days after the time for filing the aforesaid statement, it shall be the duty of said grantee and his or its successors or assigns to pay to the City Treasurer of the City of Glendale the aggregate sum of the said percentage upon the amount of the gross annual receipts arising from the use, operation or possession of said franchise, and if the amount paid is incorrect, in the judgment of the Board of Trustees, they may order the payment of such additional sum as they may find due hereunder, and if not paid, the same may be collected by suit. And any neglect, omission or refusal by said grantee or his or its successors or assigns to file said verified statement, or to pay the said percentage of the said gross annual receipts at the times or in the manner hereinbefore provided, shall ipso facto work a forfeiture of said franchise and all of rights thereunder, to the City of Glendale.

That said grantee or his or its successors or assigns shall not sell, transfer, assign or lease said franchise or any part thereof, or any of the rights or privileges granted thereby, except by a duly executed instrument in writing filed in the office of the Board of Trustees of the City of Glendale, and nothing in said franchise contained shall be construed to grant to said grantee or his or its successors or assigns any right to sell, transfer, or assign or lease said franchise or any of the rights or privileges thereby granted except in the manner aforesaid.

Nor shall gas or oil to be carried by the said grantee, its successors or assigns through the pipe line for the construction of which this franchise is granted be disposed of directly or indirectly to any competitor of said grantee or its associated or subsidiary companies, operating in said City of Glendale, and be sold therein, except by the consent of the Board of Trustees of said City.

That any neglect, failure or refusal to comply with any of the conditions of said franchise shall thereupon immediately ipso facto effect a forfeiture thereof, and the said City, by its Board of Trustees, may thereupon declare said franchise forfeited, and may exclude said grantee or his or its successors or assigns from further use of the highways of said City under said franchise; and said grantee or his or its successors or assigns shall thereupon and immediately surrender all rights in and to the same, and said franchise shall be deemed and shall remain null, void and of no effect.

Notice is hereby given that sealed bids in writing will be received at the office of the City Clerk of said City of Glendale for said franchise up to 8:30 o'clock in the afternoon of the 30th day of September, 1920.

That the bids received will be opened at that time; that all bids must be for the payment of a stated sum in gold coin of the United States; and that the franchise will be struck off, sold and awarded to the person, firm or corporation who shall make the highest cash bid therefor, provided only, that at the time of opening said bids, any responsible person, firm or corporation, present or represented, may bid for said franchise a sum not less than ten per cent above the highest sealed bid therefor, and that said bid so made may be raised not less than ten per cent by any other responsible bidder, and said bidding may so continue until finally said franchise shall be struck off, sold and awarded by said Board of Trustees to the highest bidder therefor in gold coin of the United States, and provided further that the Board of Trustees reserve the right to reject any and all bids.

Each sealed bid must be accompanied with cash, or a certified check, payable to the City Treasurer of the City of Glendale for the full amount of said bid, and no sealed bid will be considered unless said cash or check is enclosed therewith; and the successful bidder must deposit at least ten per cent of the amount of his bid with the Clerk of said City before said franchise will be struck off to him, and if he shall fail to make such deposit immediately his bid will not be received and will be considered as void and said franchise will then and there be again offered for sale to the bidder who shall make the highest cash bid therefor, subject to the same conditions as to deposit as above mentioned. Said procedure will be had until said franchise is struck off, sold and awarded to a bidder who shall make the necessary deposit of at least ten per cent of the amount of his bid, as herein provided. Said successful bidder shall deposit with the City Clerk within twenty-four hours after the acceptance of his bid the remaining ninety per cent of the amount thereof, and in case he or it fails to do so, then the said deposit theretofore made will be forfeited, and the award of said franchise will be void, and said franchise will then and there, by the said Board of Trustees, be again offered for sale to the highest bidder therefor, in the same manner and under the same restrictions as hereinbefore provided, and in case said bidder fails to deposit with the City Clerk the remaining ninety per cent of his bid within twenty-four hours after its acceptance, the award to him of said franchise will be set aside, and the deposit theretofore made by him will be forfeited and no further proceedings for the sale of said franchise will be had until the same shall be readvertised for sale.

Notice is also hereby given that the successful bidder for said franchise must, within five days after said franchise is awarded to him or it, file with the said Board of Trustees a bond running to said City in the penal sum of One Thousand ($1000) Dollars with at least two good and sufficient sureties, to be approved by said Board of Trustees, conditioned that said bidder will construct said pipe lines and shall well and truly observe, fulfill and perform each and every term and condition of said franchise, and that in case of any breach of condition of said bond, the whole amount of the penal sum therein named shall be taken and deemed to be liquidated damages and shall be recoverable from the principal and sureties upon said bond. If said bond be not so filed, the award of said franchise will be set aside, and any money paid therefor will be forfeited. The Board of Trustees reserve the right to grant similar franchise over said street to any other person or company.

J. C. SHERER,
City Clerk of the City of Glendale.

To Set Clothes Prices

(By United Press)

BUCAREST. (By Mail)—American Red Cross officials here learn that the Roumanian government has placed an airtight embargo on all wool exports. The restriction is aimed at cloth and clothing profiteers who have taken advantage of the scarcity of wool in the country to boost prices far beyond a reasonable level.

It is the intention of the government to control the entire wool industry, fixing the price of raw materials, standardizing the grades of cloth, and setting rock bottom prices on all men's and women's clothing. Merchants and tailors selling woolen commodities above the government fixed rate will be liable to prosecution.

The scarcity of wool in Roumania, which is responsible for the government's drastic action, is the result of war conditions. During the enemy occupation of the country the industry was crippled by the requisition of nearly all the sheep in Roumania. Moreover, the industry was never large. The poorer classes in Roumania wear, as a rule, little or no woven wool clothing, preferring, in the country districts, to dress in cured sheepskins prepared at home.

The mobilization of the army created a huge demand for woolen uniforms which took up all the available raw wool on hand. With the disappearance of sheep from the Roumanian pasture lands the peasants have been deprived of the source of their primitive sheepskin garments and a demand has grown up for woven wool clothes. The government hopes to relieve the situation by the embargo measure recently announced.

Tub Silks for Summer

Tub silks in fascinating colors are being offered for summer frocks; in fact, ready-to-wear frocks of these tub silks are shown in many charmingly simple styles. White may be striped with brown, pink, lavender, blue, green, etc., or the color may be played up in the background with pin stripe of white.

The woman who makes her own frocks, or has them made at home, may indulge her fancy for ginghams and dainty cottons without feeling that she is being outrageously extravagant. But the woman who purchases her dresses ready-made will be inclined this summer to hesitate when she sees the price tags on simple gingham and cotton frocks generally, and it is more than likely that pongee and other tub silks will find a very considerable demand. Pongee washes as well, if carefully handled, and in the natural color gives splendid service.

Knitted silk fabrics are as popular as ever this summer. Among the newest frocks sent over from Paris are a number of models developed in knitted silks in various high and rich colors. Silk and wool mixtures are as popular as the all-silk or fiber silk weaves, and, whatever the yarn may be, high colors appear to be in great favor. Frequently two or three colors will be combined in one material. Among the trimming touches favored are heavy silk stitching and fine braidings.

New Service

(By United Press)

PARIS. (By Mail)—American exporters are quickly taking advantage of the new catalogue file system recently inaugurated at the offices of the American Chamber of Commerce here.

The purpose of the device is to keep before European buyers regular issues of catalogues of American member-firms. Along with the file is kept a card file listing the products offered by the American firms under ten or more headings.

Chamber officials point out that under this system preliminary correspondence is eliminated.

Los Angeles Schools

The close of the first week of the new school term found Los Angeles schools with approximately 110,000 children enrolled, according to estimates of school authorities today. "This will be the biggest year in the history of the Los Angeles schools," says Mrs. Susan M. Dorsey, superintendent. Five thousand students are enrolled in the Polytechnic night school, said to be the largest night school in the country.

It is probable that few persons want eggs selling at 10 cents a dozen if all the things that went with 10-cent eggs return.

The Nobel peace prize, if the fund is on interest, should show a nice accumulation before any expenditures are warranted.

If all the men who have wild-eyed ideas were locked up, busy folks would be able to get a lot more work done.

If every person stopped after telling the truth about himself, there would be a decided slump in conversation.

Personals

Mr. and Mrs. George Hastings of West Lexington Drive spent the week-end and Labor Day as guests at the U. S. Grant in San Diego.

Mr. and Mrs. Archie Parker of No. 133 North Louise street have gone to Balboa Beach for a visit. Mr. Parker is the well-known grocer of this city.

Mr. and Miles Dawson of 445 W. Oak street, who have sold their home in Glendale, will move to Annandale next week where Mr. Dawson has purchased a grocery store.

E. W. Lyon, wife and daughter Mildred, of 204 North Louise, and S. Houdyshel of 308 North Orange attended the Rice Co., Kansas, picnic at Long Beach yesterday.

Mr. and Mrs. R. L. McCourt and three children of 336 N. Central Ave. are just back from a delightful two months' sojourn in a cottage at Balboa Beach. The children thoroughly enjoyed every minute.

J. E. Peters has given up his position as salesman for Bishop & Co. and will go into the building business. He already has a fine 6-room residence contracted for and will commence building it soon.

Wilmot Parcher, the first mayor of Glendale, and now a resident of Tujunga, was on our streets this morning shaking hands with acquaintances. Mr. Parcher says the building fever has struck Tujunga.

Mrs. W. C. Buchanan, of 612 S. Glendale avenue, accompanied by her niece, Miss Burford, leaves today for St. Louis, Missouri, for a visit of five weeks with relatives and friends, that city having been their former home.

Mr. and Mrs. H. A. Wilson, of 145 North Louise, have received word of the birth of a 7-pound boy to their son Lloyd and wife of Hanford, on Thursday, September 2d. Young Mrs. Wilson was formerly Miss Edna Learned of Glendale.

Mrs. S. E. Barton, a niece of Ed M. Lee and wife, 345 North Belmont, who had been visiting here for a few days, left for her home in Phoenix, Arizona, Saturday evening, after attending the wedding of her cousin, Wilbur Lee.

Dr. Harry St. Clair and family of 1250 South Maryland avenue are rejoicing over the arrival of a new grandson born to their daughter, Mrs. Charles Collum, of 1838 West 49th street, Los Angeles, Saturday morning. The young son tipped the scales at eleven pounds and bears the name of Charles Wesley Collum. Mother and son are doing nicely.

Dr. W. D. Lucas and wife from London, Kentucky, arrived in Glendale, Saturday, to be the guests of Dr. P. O. Lucas and family, of 1243 South Brand Blvd., the two doctors being brothers. Dr. W. D. Lucas contemplates locating in California and during Dr. P. O. Lucas' absence from the city is looking after his brother's practice.

Thomas Wood, District Manager of the Masonic Protective Association, left Sunday for Boston, Mass., to attend the 25th Annual Convention of State and District Managers of the Association to be held beginning September 14th. He will visit Detroit, New York, Washington, D. C., and Philadelphia and will stop in Kansas on his return trip to visit Mrs. Wood's mother.

Mrs. Herschberger and two daughters, Evelyn and Mary, of Los Angeles; Mrs. Sue P. Tanquary, her son, P. G., and daughter, Mrs. Broome; also Mrs. L. W. Hovis of San Francisco, were guests at the Lee-Sisson wedding Saturday. Mrs. Hovis, who formerly lived in Glendale, has been visiting relatives and friends here for a few weeks. She but recently moved to San Francisco.

Wm. Hedges of 121 W. Park Ave. arrived home Friday night from Fort Scott, Kansas, where he went several weeks ago to negotiate the sale of some Arkansas land he owned. While in the latter state he had a very serious attack of parasite infection and and rheumatism and he was laid up with these for several days after he returned to Fort Scott.

Mrs. William McSpadden of 216 Arden avenue has returned to her teaching in Hollywood. She spent a delightful vacation. As soon as school closed, accompanied by her small daughter, they went North, Mrs. McSpadden driving her own car, visiting friends and relatives at Santa Barbara, Oakland, Sacramento, Livermore, Covina and San Diego. Since the first of August they have been resting and enjoying Balboa.

Henry B. Allen and family of Omaha, Nebraska, are now residents of Glendale having taken up their abode in the home of Dr. Collier at 214 E. Chestnut street. Mr. Allen has accepted a position with the Evening News and is now handling the display advertising. Mr. Allen is a newspaper man of wide experience, having grown up in the game although for the past few years he has been in the government service, having recently resigned as Internal Revenue Agent in the Iowa-Nebraska division.

Mrs. M. J. Miner of 458 Ivy street has returned from a visit of a few days with friends in Santa Monica.

Geo. C. James took out a permit last Saturday for the erection of a 5-room residence and a garage at 455 W. Broadway, to cost $4500.

J. A. Newton, of the Newton Electric Company, with his wife and two sons returned Friday evening from a ten days' vacation at Long Beach.

Frank G. Kay and wife of South Louise and East Maple spent three days of last week on their ranch near Compton.

Mr. and Mrs. Johnston of the Kay apartments, East Maple at South Louise, spent Sunday and Labor Day at Santa Monica.

Mrs. G. L. Head and children of 130 North Cedar street have returned home after spending three weeks at Venice.

O. J. Gains and family are among the new residents of Glendale, making their home at 316 West Elk Ave. Mr. Gains will engage in carpenter contracting.

F. W. Furbeck, owner of the Furbeck Art Studio Building at 215 S. Brand boulevard, has opened an office where he will specialize in the sale of real estate.

C. W. Douthat of 609 North Louise has sold his property to Mr. Stumpf of the firm of Berkebile & Stumpf. Mr. Douthat has purchased the property at 705 North Louise and also at 1009 Mariposa. He and his family will make their home in the latter.

John Dieterich, a resident of Los Angeles and father of Dr. A. O. Dieterich, has made Glendale a social visit and was so impressed with its beauties that he bought a lot on N. Maryland avenue and will soon erect a large Swiss chalet thereon.

Mr. and Mrs. A. C. Brown of 301 Milford street are entertaining as their guests, Prof. Joseph Coleman, wife and two sons of Wayne, Nebraska. Prof. Coleman has been director of music in the state normal there, but has resigned to take the position of director of music of the Pomona public schools.

Mr. and Mrs. George H. Rowe and Miss Nellie Rowe of 216 South Orange street motored to Pomona Sunday morning where they attended church and enjoyed a picnic dinner before going on to Claremont where they visited friends until Monday evening. Misses Lois and Violet Mock of 228 South Louise street went as far as Pomona with them and spent the two days with their grandfather, who owns a large ranch on the outskirts of the city.

Pledge to W. C. T. U.

The local branch of the Woman's Christian Temperance Union held a profitable session Friday afternoon at the home of Mrs. Marie N. Yeoman of 113 North Orange street, the county president. Mrs. Helen Stoddard of San Diego, the state president, was the speaker of the afternoon. Her talk was upon the "Home-Center" in San Diego, a home for the boys in the service, especially those of the Navy, and of the Frances Willard Home in Los Angeles for girls. The "Home-Center" in San Diego is run with great success, being full at all times. Mrs. Stoddard spoke of the Jubilee Fund, a fund which the W. C. T. U. associations are raising. Glendale's quota is but partly raised. Of Glendale's fund, part goes to the Home-Center and part to the Francis Willard Home. Mr. and Mrs. Hamer of Loma Linda gave pleasing vocal selections. A beautiful piano solo was rendered by Mrs. C. H. Scott of Glendale, 84 years old. Ice-cream and home-made cake were served. Eighty dollars was raised and pledged to the Jubilee Fund. About thirty were present.

Urges Worthy Deeds

Glendale citizens always noted for their generosity certainly will act on a timely suggestion which comes to the News editorial department in a communication. The communication refers to the oft-repeated admonition that we do something for democracy and adds wouldn't it be a nice thing to show some appreciation for those who have lost their health fighting for that very cause? Right here in Glendale we have young men residing at Thornycroft who have lost their health fighting for the cause of humanity in order to make the world a free place for all mankind. Now I know of no better way to cheer up those men and encourage them to put up a good fight for health than to offer them automobile rides to see the beauties of California. Couldn't an association be formed of automobile owners who would each send their car to the soldiers for an outing? Where there are so many cars it would seem as if each member would loan his car once every two weeks ; it would not create any hardship for any one. Truly this pleasure would give the boys something to look forward to and thus shorten the period of their convalescence.

LABOR DAY ENJOYED

GLENDALE BUSINESS HOUSES ALL CLOSE, CITIZENS RELAX FROM WORK

Labor Day of the year 1920 is now a matter of history. The day in Glendale and vicinity was spent in an enjoyable way by many who toil in the shop, store, office and field. Amusements were many and included picnic parties and other wholesome forms of recreation.

Labor Day more than ever emphasizes the dignity of labor and the importance it bears to the welfare of the American nation. Labor, of brain or brawn, is the foundation upon which rests all the hopes of mankind.

"The idle brain is the devil's workshop," and idle hands contribute nothing to the sum total of benefits and are tempted to engage in things that detract from the welfare of others, even to the extent of yielding to criminal impulses.

Labor Day should be something more than the mere cessation of work in its observance as a holiday. It should call to the attention of workers, organized or unorganized, the fact that the world looks to men and women of skill and industry for its redemption.

The loss that comes from idleness has been shown many times in the effects of strikes or other causes which stop the wheels of industry and all activities. The loss is not only a financial one; it has a moral effect that is not measured by intrinsic values.

The prosperity and happiness of a people depend on their creative genius and their productive capacity in the things that make for the comfort and progress of themselves and the people of other nations. Idleness makes for unrest and promotes the growth of ideas that are foreign to the principle of self-government.

Let labor not think that its ranks include those persons only who are counted in the members of any particular organization. Every person who contributes to the productive energy, whether in the field, mill or counting-room, should feel that his services are recognized when so many millions stop work one day in the year to pay a tribute to honest toil.

POPPY DAY

'TWAS GREAT SUCCESS, THE SUM OF $200 BEING RAISED

Poppy Day proved a success in Glendale on last Saturday, the organization realizing $200.00 for the orphans of the devastated portion of France. The committee who assisted Mme. Guerin were Mrs. James F. McBryde, chairman; Mrs. Katherine Rowe, Mrs. E. W. Hayward, Mrs. Alexander Mitchell and Mrs. Roy C. Flint. The girls who sold poppies for the cause were Katherine Kitterman, Bessie Vorwerk, Amelia Vorwerk, Elizabeth Bullard, Charlotte Cavell, Helen Sherwood, Anna Merriken, Ruther Waterman, Olive Belle Emery, Josephine Emery, Elizabeth Simpson, Dorothy Jane Godfrey, Esther Jones, little Helen Ohlman, Marjorie Temple, Leona Rockhold, Avis Young, Lillian Sternberg, Jeanette Yarbrough, Estella Bruce, Eleanor Eastman and Alice Whitaker.

Miss Bessie Vorwerk sold the largest number of poppies, turning over $36.00 to the committee.

BOY SCOUT CAMP

WILL BE OPENED AND DEDICATED SATURDAY; BIG DAY FOR GLENDALE SCOUTS

On next Saturday afternoon Glendale will be given a glimpse of one of her small but prosperous organizations, her Boy Scouts. The boys, together with their fathers, the council members and troop committeemen, will form at Colorado and Brand Boulevard at 1:30 o'clock, and the parade will start at 2 o'clock. The line of march will continue north on Brand to Wilson, returning on Brand to Broadway and thence east on Broadway to Glendale avenue. At Broadway and Glendale avenue, the parade will break formation and the throng will journey by auto and street car to Montrose and thence to the new Glendale Scout camp at the foot of Sister Elsie Peak. At camp, daddies, Scouts, councilors and all will enjoy a swim in the camp pool, and then form on the parade grounds about the new flag pole. Here will be held the first flag-raising and the formal dedication of camp. The exercises will be presided over by Mr. Ingledue, the president of the council, and by Mr. Kellogg, the executive. Following the brief ceremony, the entire crowd will be expected to join in a few rollicking games. After the games the bugle will sound mess call and all will "fall to." Supper will be "Dutch treat," for every member of the company who expects to remain for supper and campfire must provide his own "grub."

The evening campfire will be conducted by Assistant Executive Robison and will consist of the usual Scout campfire proceedings, songs, cheers, games, stunts, etc. Those who have had the pleasure of attending such affairs as these before have some idea of the treat in store for them. Camp program will then continue as a regular over-night camp for all who desire, including dads, councilors and all. The only requisite for those who remain overnight is a good warm set of blankets, and "grub" for breakfast.

On Sunday morning, Scout church will be early enough to allow plenty of time for return to "civilization" in time for the regular church services of Glendale.

Every Scout is expected to be present for the entire program if possible, but his attendance at the parade and the camp dedication is of the utmost importance. It is also hoped that no Scouts' daddies, and no council member will miss these two events at least and the attendance of all for the entire overnight program is eagerly sought. Those who are entitled to share in the enjoyment of this big holiday are urged not to forget the time, the place, "grub," and plenty of warm blankets.

A SHOWER OF RAIN

Visitors in town today report that there was quite a shower of rain thirty miles east of Glendale this morning.

The World Today

BY A. R. EASTMAN

Manager Glendale Branches, Los Angeles Trust and Savings Bank

A. R. Eastman

Many people, coming from the East or other sections of the country, to make their home in Glendale, have found it difficult to rent a home—either temporary or permanent. They have thus been compelled to buy. This course serves to introduce them for the first time to one of the many services a bank in the present day can give in this connection.

* * * *

Surprising as it may seem to the people of Glendale—a typical city of home-owners—these people have never heard of "escrow proceedings." Once this service is utilized by them, however, they become "rooters" for it. They naturally ask what "escrow" means—what its scope is, what their part in it is, what the bank does, and so on. The answer is brief and concise. Here it is:

"Anything is placed 'in escrow' when, by mutual agreement between two parties or two groups, it is placed in the hands of a third party, whether individual, bank, or other authorized concern, to be held until the fulfillment of some condition, when it shall be delivered or returned in accordance with the agreement."

* * * *

The Real Estate Department of the Glendale Branches of the Los Angeles Trust and Savings Bank is every day acting as the third party in escrow proceedings in connection with real estate deals. This service means protection to both the seller and the buyer. It is done at the minimum of cost, which by comparison with the charges in other sections of the country incidental to transfers of real estate where the escrow service is not available, is much more reasonable.

* * * *

The personnel of the Real Estate Department of the Glendale Branches is trained in all such matters and is ready to place itself at the disposal of sellers and buyers of real estate. It is an impartial third party, and is only interested in seeing that justice and fair dealing is given to all parties in a transaction. It attends to all details.

* * * *

Before you take any definite step in buying a home, you are invited to seek the advice of the writer or of other officers of the Glendale Avenue Branch or of the Brand Boulevard Branch of the Los Angeles Trust and Savings Bank. To do so may save you a great deal of unnecessary worry and possibly, what is more important—costly delay.

On Coming Back

The little boy who kept hitting his head with a hammer explained on inquiry that he did it because he felt so good when he stopped. The little boy had but the true philosophy of a vacationist.

About once a year we get a yearning to go away from wherever we are, to be different, to get out of our chosen path of life; and after much preparation and worry about where and how and when to go, we make the break and are gone.

And we are only away a little while when we begin to get restless; we have a new yearning, this time it is to get back, back to the comfortable routine of the years, back to the cozy bed with just the right size pillow, back to the easy chair of the front porch, back to the little nook in the scheme of things as they are; away from the half cooked yet burnt food of the woods, away from the mosquitoes of the summer cottage, away from the knock-kneed nudity of the beaches.

Missionary Talk

At the Central Christian Church Sunday morning, T. A. Young, who with his wife, is about to start on the return trip to Japan as missionaries after a year's furlough, preached the sermon, or rather gave a talk on experiences in Japan, giving some enlightening facts about this great nation that is occupying so much of the world's attention just now. He said Japan is still a heathen nation and really presents a greater problem to the missionary workers than China or India. The vast majority of the people, he declared, have not the slightest desire for war with this or any other country. They look upon the United States as the wonder nation of the world and have greatly exaggerated ideas of its population, wealth and power.

There was no evening service, as many of the congregation desired to attend the closing sessions of the state convention, held in the First Church, Los Angeles.

Unlawful to Keep Them

Just a grain of advice to the man or woman who finds something of value that has been lost by another, and the finder is slow to turn over the article he finds unless there is a handsome reward forthcoming. In Salinas, Calif., a Mr. Peeke found a purse containing $30, which had been lost by Mrs. John Robertson. He refused to return it. Arraigned in court, he was compelled to restore to Mrs. Robertson the amount the purse had contained. In addition he was fined a similar sum—$30. The incident cost Peeke his job. Fellow workers had seen him pick up the purse.

Budget of L. A. County

The budget of Los Angeles county for the fiscal year of July 1, 1920, to June 30, 1921, inclusive, calls for an expenditure of $9,841,230. Of this general total the county fund gets $4,263,682, the salary fund $3,426,582, exploitation fund $40,000, highway maintenance fund $477,500, L. A. highway interest and sinking fund $240,000, blind aid fund $17,000. Under special county funds, the good roads fund gets $607,500 and law library fund $29,860. Under district funds, the supervisorial road fund gets $601,750, and free library $137,356.

Hold Down Forest Fires

Co-operating with the United States Forest Service in its efforts to minimize the danger of forest and other fires, the Railroad Commission has sent out a letter to all of the auto stage lines operating in California asking them to display on their cars warning signs prepared by the forest service. The letter calls attention to the dangerous practice of throwing matches, cigars or cigarets from vehicles using the highways of the state causing loss by fire of grain fields and valuable growing crops.

"THUNDER THEORY"

REV. ROBERT M'LEAN, AT PRESBYTERIAN CHURCH, DRAWS LESSONS FROM INCIDENT

The Presbyterian pulpit was filled Sunday morning and evening, in the absence of the pastor, by Rev. Robert McLean. His morning text explained at once the enigmatic topic, "The Thunder Theory:" "Then came there a voice from heaven, . . . the people therefore that stood by and heard it, said that it thundered: others said that an angel spake to Him." (John 2:28, 29.)

We have experienced here recently the event of an earthquake. Immediately there was cogitation on the wherefore of its happening; it was contrary to presumption. Something contrary to presumption happened on that day—the voice from heaven. The majority decided on the thunder theory. Some recognized the divine presence and power, but most thought that it was simply an incident of nature. It was only thunder to their deaf ears. So all mankind is divided into those who hear only thunder in what God is doing, and those who recognize in the world's workings the operations of God. We can attempt explanation of everything that goes on about the earth altogether too much by the thunder theory. We need to get far nearer to God, and hear what He is saying. Two were walking in the great wood. One could only count the feet of possible lumber contained in the trees; the other saw only the matchless beauty of the forest, God's handiwork. In our lives we are so prone to shut God out and so to be partisans of the thunder theory. There were two walking; one was absorbed with noting cast-off tin cans and saw little else, one saw the sweet May flowers. The last was hearing God's spirit, the other was materialistic. And there is such a difference in our way of receiving God's gifts and our response of heart. In these days so often it is: "By my own hand have I gotten all these fine things. I want you to see my fine car, my home, my possessions; see all the grand things I have accomplished by my great abilities," blind to the co-operation of the divine which has provided. How much we miss by not recognizing the Giving Hand.

We are partisans of the thunder theory in our proneness to see God's hand in our lives only in those things leading toward the ministry. He does truly give special leading for that, but no less He leads and directs and speaks about all the steps of common living. He really does work in a man's life in that fashion; and there is an intense joy in walking with Him that way.

In the very shadow of Jesus' approaching death His disciples had dispute among themselves which should be the greatest. But Jesus girding Himself with a towel washed their feet. He in His greatness could stoop as they would not. He was working with God and had His companionship. There is a dignity in doing things with God, sure of His direction and co-operation in the humble work of the day.

It is only a deaf man who hears nothing but thunder in the great movements of the world these last years. In the thickest blackness of the world war a wise officer said, "Only the power of God can save;" he recognized the Lord over all. We should always live so close to God that if we but will we may reach out our hand and grasp hold on His strength that surrounds and guards and guides us.

Tired of Fighting

By RALPH H. TURNER
(United Press Staff Correspondent)

SAN PEDRO, Coahuila, Mexico, Aug. 22. (By Mail)—"All we want is peace and a chance to go to work. We're sick of revolution."

That is the sentiment expressed in every quarter in the section of northern Mexico known as the Laguna district, in which the towns of Torreon, San Pedro and Gomez form the principal centers of activity. Judging from the feeling in this part of Mexico, the surest guarantee of future peace in this troubled country is the fact that the people are exhausted from fighting.

It is interesting to note that this weariness of strife is voiced in a part of Mexico that was the storm center of the revolutionary movement in its early days. The state of Coahuila was the home of Francisco Madero, Mexico's first revolutionary president who launched the rebellion that overthrew Porfirio Diaz. In the town of San Pedro the brothers of Madero make their home today, having returned recently to their native country after a period of exile in the United States. Venustiano Carranza also was a citizen of Coahuila, and began his revolutionary career in this state. Cuatro Cienegas, north of here, was Carranza's birthplace. Some of the bitterest battles of the revolution were waged for possession of Torreon and San Pedro.

But today the country which was the home of revolution is crying for peace.

Mexican revolutions of the past ten years almost invariably have had their origin in the north. Madero, Villa, Carranza and Obregon all came from the north. This northern spirit of revolution frequently has been ascribed to proximity to the States border, resulting in ideas more liberal and aggressive than those obtaining in the southern part of Mexico. Whatever the reason, there may be significance in the make-up of this little town of San Pedro. Everywhere one encounters persons who speak English, people who have been in the United States. The Maderos are all graduates of American universities. There is the young engineer, too, who tells you in the same conversation of his irrigation project and his under-graduate days at Cornell. And there is the young cotton planter, the graduate of an American military academy, who rides to his plantation every morning on an American motorcycle. Even the hotel waiter tells you of his experience in the "States," and when he brings you your change, half of the coins are American, which is in general circulation in this part of the republic.

But all of these people, who rebelled ten years ago at what they term the dictatorship of President Diaz, today are yearning for peace and a chance to develop their country's natural wealth.

This sentiment is even found among army men stationed in this district. When the De la Huerta government proposed to reduce the size of Mexico's top-heavy army—and began to execute its policy—everyone was apprehensive.

"It can't be done. The military leaders, deprived of their soft berths, will rise in rebellion."

But generals can't maintain armies without soldiers.

"We're tired of this army business," said a colonel who had risen through the revolution from the rank of sergeant. "It was all right in the good old days. Revolutionary fighting was great sport then. But now it's an old story. The glamor has gone. The country is becoming peaceful now and I can make more money growing cotton than I can in the army. By the end of the year, I'll be back on the farm."

And many others feel the same way.

WOMEN AS JURORS

MANY PROBLEMS PRESENTED IN THUS MIXING THE SEXES

That consideration of sex differences in government affairs cannot be entirely obliterated by the Nineteenth amendment to the constitution is made apparent by the discussion as to the part that women are to play in jury service. It is taken for granted that the new voters will have to bear their share of responsibility hereafter in passing on the guilt or innocence of persons accused of crime and in deciding civil suits. But at once the question arises if it would be proper to call upon them to serve in murder trials, where the jury is not released until it returns a verdict and may be locked up for several days and nights. It is assumed that it would not be at all to the liking of women to be subjected to such an experience.

It is an interesting prospect, this of having women on our juries. One speculates as to whether their natural tenderness of heart will cause them to be more lenient to wrongdoers than men would be. Or will they conscientiously stifle impulses of mercy and let stern justice be done? Illuminating comparisons of masculine and feminine obstinacy will also be permitted by the new order of things. The more one contemplates the subject, the richer are seen to be the possibilities for study of differences in sex psychology.

Then there is the question of woman's willingness to serve on juries. Will one hear such reasons offered for pleas to be excused as that it is necessary to remain at home to "put up" preserves, to care for a sick child or to attend to innumerable other household duties?

Jury service for women promises to be a knotty problem. It is not surprising to learn that special rules for their benefit are already considered necessary.

Golden Wedding Ring

CHICAGO, Sept. 7. (United Press)—New style wedding rings ornamented with flowers that betoken the nuptial month have made their appearance in the jewelry shops.

This represents a new drive to crowd the plain gold band from its time-hallowed position. Up to a few years ago, the circlet of plain gold monopolized the third finger of the left hand of the world's brides. Then gold rings variously embossed and ornamented began to make a tentative bid for approval. Later came sculptured platinum.

Growing competition in a world busily engaged in toppling over idols and shattering traditions may eventually consign the plain gold band to oblivion but as yet, jewelers say, it still stands easily first with brides and the cash register. Its latest rival is of gold or platinum ornamented with blossoms for each month of the twelve in this way: January, wild rose; February, carnation; March, violet; April, Easter lily; May, lily of the valley; June, rose; July, daisy; August, pond lily; September, poppy; October, cosmos; November, chrysanthemum; December, holly.

PLOT TO WRECK ILLINOIS CENTRAL TRAIN

(Special Service to Glendale Evening News)

SPRINGFIELD, Ill., Sept. 7.—Detailed confessions from eleven of twenty communists arrested yesterday for an alleged plot to wreck the "Diamond Special," an Illinois Central train, had been obtained by police today, they claimed.

HOTEL FIRE AT KLAMATH FALLS, OREGON

(Special Service to Glendale Evening News)

KLAMATH FALLS, Ore., Sept. 7.—Twelve bodies had been removed from the ruins of the Houston Hotel, which burned yesterday, at 9 o'clock today. Searchers believed they would find more bodies.

THE LURE OF DEATH VALLEY

One might search in vain to find the origin of the myth that there are mineral treasures in the bed of that sea which once covered all of what is now Death Valley. A great probability, is that, when the water was submerging all of that now unspeakably dreary waste of land, it was such a body of water as that which has made the Dead Sea for ages almost putrid, and inhospitable to life of any kind. There is no scientific basis for a conjecture that, in the deposits it left on subsiding, there can ever be found anything precious. None the less, among the bones found in that waste those of prospestors searching either for the precious metals or for deposits in other things of great commercial value in a commercial and scientific age, are, by far, the most numerous.

The other day the old story was told again, but this time with the variation, not a common one, of a coming back from that valley of the shadow. Hart Stimler and William Corcoran had tempted fate by venturing into the charnel house in search of a lead mine, which, prospectors' tradition says, is located somewhere in that land of desolation. They were overcome by the desert heat and the exhaustion of their water supply much sooner than they had anticipated. Corcoran being utterly prostrated, Stimler, hardly less so, crawled on his hands and knees to a point eight miles distant, where supplies had been cached. He was 22 hours in making that short distance, and able only to point in the direction of the place where his partner had been left. Corcoran was rescued when at the point of death, and though both men may survive the awful experience, they will be physical wrecks.

In Death Valley short distances are great ones, when the prostrating effects of the place begin to make themselves felt. A mile is much more than a league in such surroundings and under such conditions. The census enumerators of this year discovered half a hundred people living on the edges of that inferno at short distances from water holes near its boundaries. Though distances are short from these abodes of water, it has often proved too far for one of these strange people to traverse it in time. They are mostly prospectors, searchers for gold, men seized of the lure of Death Valley, and for no other apparent reason than a delusion that because the place is what it is, in horror, loneliness and imminent death, there must be compensation in it somewhere.—Long Beach Telegram.

WOMEN AS ELECTION OFFICIALS

The granting of suffrage to women creates the probability that important changes will be made in the selection of persons to conduct the elections. Even if no more voting precincts should be necessary, the women will be given part in the registering and counting of the ballots.

Some of the most glaring incompetency in the handling of the votes has been found in precincts under the direction of men and it will no doubt be possible to make selections among women for the improvement of the machinery of elections.

Banks and industrial and mercantile concerns pay women the tribute of saying that in carefulness their record is equal to if not better than that of men. Women seem to take their work more seriously than the majority of men and have pride in accomplishment of the thing they undertake.

Men who are most competent to do the work connected with an election are not always the ones whose services can be secured, for they are likely to think that they have more important work to do. The men who recognize their duty to the state are not always the best trained for it.

With both men and women selected for places on election boards, there should be an improvement in the character of the service rendered. Errors should be reduced to the minimum through the employment of clerks and others who are trained in the use of figures. Women can serve the state in an important capacity, and they will doubtless be given the opportunity in large numbers.

ADJUST INSURANCE TO PRESENT DAY VALUES

If a man who owned a farm worth $10,000 in 1914 sells it for $20,000 today, has he doubled his money? Should he rejoice and pin a medal on his own breast for an achievement in high finance?

It is easy to see that he has doubled his figures, but when he tries to buy with his $20,000 what he could have bought for $10,000 in 1914 he'll see why Shakespeare said, "there's the rub," or words to that effect.

It should be understood that figures resembling dollars are no longer reliable symbols in the businsss world.

The war has expanded the value of merchandise, machinery, dwellings, factories, business and rental property from 100 to 500 per cent. Insurance is on the old values.

Banking capital and currency have been enlarged in volume to the same extent, but insurance as the real basis of credit and business solvency has not been expanded in proportion.

It is doubtful if the average property value of buildings and contents are insured over 30 or 40 per cent of their real value or have been increased over 10 per cent since the war.

In time this will tell on the volume of wealth and credits and is one cause of high interest rates on money needed to extend business and crops. Losses in many lines by fire mean wiping out a business.

A survey of any city or state would show the above to be true conditions. Business property and industries need a re-adjustment of insurance to afford something like sane and legitimate protection of values.—Bakersfield Californian.
